(Hon. Mark Eric C. Dioneda)

RESOLUTION RESPECTFULLY REQUESTING THE MANAGEMENT OF SORECO II TO CONDUCT TRAININGS AND SEMINARS TO ALL THEIR METER READERS

WHEREAS, the Sangguniang Panlungsod was in receipt of complaints and reports of sudden increase in SORECO II billing statements of the member consumers and the same issue had been posted and discussed elsewhere in social media;

WHEREAS, it is noteworthy to underscore that some of billing statements reflect sudden increase compared to their previous months billing statement;

WHEREAS, as admitted by personnel from SORECO II during the July 26, 2022 Regular Session of the 8th City Council, that meter readers sometimes commit mistake in the appreciation of reading meter machine or gadget that resulted to overcharging in excess of the actual consumption of the member-consumers of the cooperative;

WHEREAS, the issue on the discrepancies and/or lapses in the appreciation in the meter reading is separate from the tight power supply conditions in the Luzon grid that pushed up SORECO II rates in July and August billing statements;

WHEREAS, as discussed by personnel from SORECO II during the July 26, 2022 Regular Session of the 8th City Council, for residential consumers, compared with the implemented June 2022 power rate of Php 13.1543/kWh, the basic power rate for July 2022 shall be Php 14.4978/kWh, or an increase of Php 1.3435/kWh for such predicament is due to the Php 2.7686 increase in Generation Charge brought about by the 42.01% increase in WESM prices, from P6.5904 to P 9.3590 due to mandated power stability in the Luzon Grid;

WHEREAS, premises considered, it is most respectfully requested that SORECO II management shall conduct trainings and seminars to their meter readers purposely to inculcate precise and accurate meter reading;

NOW THEREFORE, on incidental motion of **Hon. Danilo A. Deladia**, duly seconded by **Hon. Nestor J. Baldon**, resolved as it is hereby resolve to respectfully request the management of SORECO II to conduct trainings and seminars to all their meter readers.
